## Demo Rep. Race Heads Primary

With local and district candidates winding up their campaigns, Canyon area residents will go to the polls Saturday to cast their ballots in either the Democratic or Republican primary elections.

The polls — 23 for the Democrats and 18 for Republicans — open at 7 a.m. and close at 7 p.m. Computerized punch-card balloting will be used in the election.

Absentee balloting ended Tuesday afternoon with fewer than 100 persons casting votes in both South Amarillo and Canyon.

Voters inside the city of Canyon will travel to one of four voting places Saturday to cast ballots in either primary. According to their precinct number, they will vote either at Rex Reeves Elementary School, the Canyon Community Center, Canyon Junior High School or the West Texas State University activities center.

A light voter turn-out is anticipated for the primary races, which have seen heavy campaigning particularly among Democratic contenders for various offices. The Democratic

primary in Randall County is expected to draw more interest due to the contested races in that party.

Historically, voter turnout in the county has been poor in both parties' primaries. The Democratic primary in 1970 pulled only about 30 per cent of the registered voters in the county while the Republican primary had only about 11.3 per cent of the voters. In 1966, only 2644 persons went to the polls in the Democratic primary while 455 persons cast ballots in the GOP primary.

More than 30,000 persons are registered to vote in the primary elections. Of that number about 3000 are students.

The race which has brought the most interest to the Canyon area and the race expected to draw the most interest on election day is the Democratic primary contest for U.S. representative of the 13th district.

State Sen. Jack Hightower, who has served a decade in the Texas Legislature, Dr. Louis A. Finney, an Amarillo neurosurgeon, and Ray Ruffin, a former recording executive, all

seek the Democratic nod in the primary for the opportunity to run against incumbent Cong. Bob Price next November.

The three Democratic candidates have campaigned extensively in Canyon and on the West Texas State University campus for support and the race could end with a run-off between two of the candidates.

Little interest has been generated locally in the Democratic primary contest for governor. While Frances Farenthold, who is leading contender against incumbent Gov. Dolph Briscoe on the ballot, has visited the area twice in her campaign, she has confined her campaigning to the WTSU campus. Briscoe has not appeared in Canyon since the campaign began.

Two other Democratic candidates in the governor's race, W. H. Posey and Steve S. Alexander, have not campaigned in the area.

Incumbent Bill Hobby will seek the Democratic nod for lieutenant governor unopposed on the ballot as will incumbent attorney general John Hill.

Bob Bullock, who has campaigned in Canyon, faces Hugh

Edburg, on the Demo ballot in the race for comptroller of public accounts.

Incumbent State Treasurer Jesse James again faces a challenger in the Democratic ticket as Donald S. Yarbrough also seeks the party nod in the primary.

Another heated race which could draw voters to the Democratic primary involves the campaign for state representative of the 65th district, the area encompassing Canyon.

Ed Fletcher, an Amarillo businessman, seeks the Demo bid as does Amarillo attorney Bob Simpson. Both have cam-

paigned frequently in the city and on campus.

A hot race has also emerged in the campaign for the party bid to the bench of the 47th district court. Incumbent State Rep. Bryan Poff seeks the seat as do former justice Herbert C. Martin and Amarillo lawyer O. M. Calhoun. Martin and Poff have actively campaigned in Canyon.

At the county level, the hottest race is for county treasurer on the Democratic ticket with Fern Patterson facing Robert McClendon in the primary. Mrs.

Patterson, who lives south of Amarillo, has campaigned on a platform of more efficient

operation of the county treasurer office while McClendon, an Amarillo attorney, has promised to lobby for abolition of the office if elected.

Only one local campaign in the Republican primary has drawn interest locally.

That's the race for county commissioner of precinct 4. A retired Air Force officer, John W. McCann, faces James F. Rittenberry, an Amarillo architect and Dee Griffin Sr., an Amarillo businessman.

Griffin and McCann have attended sessions of the county commissioners court.

Party officials have predicted there might be a run-off in that race. If so, it could be the only run-off in a Republican primary in the state.

Few other GOP races on the primary docket have drawn local interest.

Two candidates, neither of whom have campaigned in Canyon, seek the gubernatorial bid. They are Jim Granberry and Odell McBrayer.

Polling places for the Saturday elections are as follows for the Democratic primary:

Precinct 1 — the Melvin Schaffer residence

Precinct 2 — Ralph Switch Elevator  
Precinct 3 — Jowell School  
Precinct 4 — Umberger School  
Precinct 5 — Canyon Jr. High School

Precinct 6 — Rex Reeves Elementary School  
Precinct 7 — Canyon Community Center  
Precinct 8 — Lamb Fertilizer Plant

Precinct 9 — Gene Howe Elementary School  
Precinct 10 — Tanglewood Club House  
Precinct 11 — Caprock High School

## Griffin Is Big Spender Of County Campaigners

Dee Griffin Sr. of Amarillo has spent more in his campaign so far for the Republican nod on the Saturday primary ballot than both his opponents together in the race for county commissioner precinct 4.

Griffin, an Amarillo businessman, filed his campaign expenditure statement Monday along with the other two candidates for county commissioner and one candidate for the Democratic nod as county treasurer.

The expenditure statements were to be filed not later than Monday. Candidates must again file full financial statements following the election.

Griffin lists expenditures from early April to Monday as totaling \$206 for such items as stamps, cards and the rental of a booth at an Amarillo home show.

In listing expenditures and contributions since he began his campaign, he shows a total of \$950.40 in contributions or loans and a total expenditure of

\$927.94. John McCann, who is also running for county commissioner precinct 4 on the GOP ballot Saturday, filed a statement indicating his expenditures from early April through Monday have totaled about \$33. Total expenditures for the campaign have been \$168.58. The only outside contribution listed by McCann is from F. K. Bauer of Sun City, Ariz., for \$15.

The other candidate for the GOP nod in the county commission race, James F. Rittenberry of Amarillo, lists expenditures from early April to Monday of \$245.72. The expenditures were for printing, signs, and stamps. An outside gift of signs and stamps for \$66.67 are listed from Charles Rittenberry.

Rittenberry's statement indicates he's spent \$353.22 throughout the campaign.

McCann's expenditure statement is incorrectly filled out, according to the Texas elec-

tion laws. McCann lists himself as the payee for all items listed on the expenditure statement. The items, the law says, should have been listed with the person to whom money was paid listed as the payee.

Fern Patterson was the only candidate in the Democratic primary race for county treasurer to file a campaign expenditure statement.

Mrs. Patterson listed expenditures of \$113.16 for the period from early April through Monday. Her total expenditures for the campaign have been \$752.82.

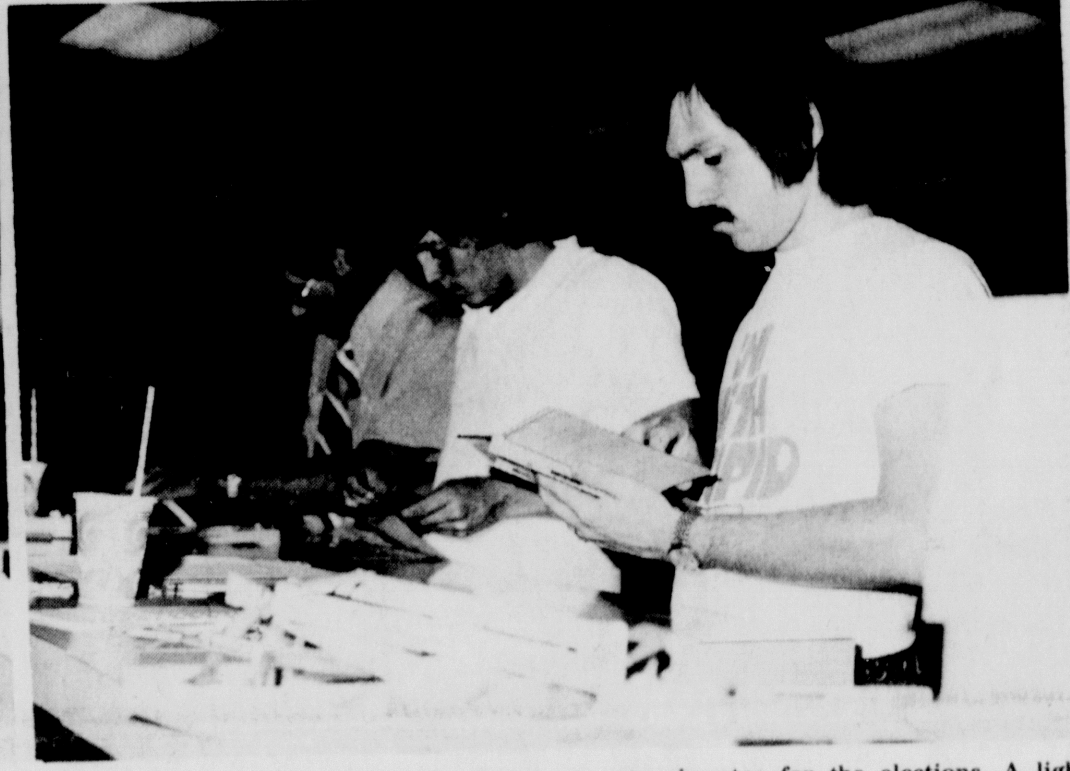

The only outside contribution listed by Mrs. Patterson is for \$100 from Danny J. Noonan.

Bob McClendon, who is also running on the Democratic primary ballot for county treasurer, did not file a statement Monday.

He had previously filed a statement in early April listing only his filing fee as an expenditure.

Extra helpers in the Randall County clerk's office worked almost frantically this week to prepare for Saturday's two primary elections for the Democrats and the Republicans. In the same office, residents

came not quite in droves to vote absentee for the elections. A light voter turn-out is predicted for the Saturday races.

But, Says He Goes To Track Himself

## Dowlen Opposes Race Track Wagering

Randall County Dist. Atty. George Dowlen has gone on record in a letter to fellow district attorneys in Texas in opposition to the legalizing of pari mutuel racetrack gambling in the state. Dowlen joined with district attorneys from Houston, Austin, Temple and Beaumont, in writing a letter which strongly opposes the legalization of wagering in Texas.

The letter went out April 22 and was sent news media around the state with a cover news release from the Anti-Crime Council of Texas, which lists a Dallas address.

The letter is in response to propositions appearing in the form of referendum votes on the ballots of both the Democratic and Republican primary elections on Saturday.

Both parties seek voter opinion on whether the next session of the state legislature should or should not enact a law to permit pari mutuel wagering on horse races on a local option basis.

The Texas Anti-Crime Council, which has sent scores of press releases to area newspapers in recent weeks scoring the proposal, termed as "unprecedented" the action by Dowlen and the other prosecutors.

"Our caseloads are already staggering," the letter states. "Our local officers already face

nearly insurmountable problems in obtaining hard evidence against the bookmakers now operating in Texas. Despite our best efforts, organized crime already is taking a billion dollars a year out of the state economy — most of it in illegal gambling profits."

The letter calls on district attorneys to add their names to the list of law enforcement officials opposing the proposition. It also asks them to contact news media with a "strong statement of your opposition to legal pari mutuel betting."

Dowlen, when contacted Monday, reiterated his opposition to pari mutuel wagering in the state, but did not stress the problems with organized crime so much as he stressed problems related to race track operations.

Admitting that he himself has been to race tracks in surrounding states where pari mutuel wagering is legal, Dowlen said he does not oppose gambling on horse races as such.

"But, our concern, after talking with DAs in other states

where they have pari mutuel wagering, who have big-time race tracks in their jurisdictions, is that they say the problem is not with the gamblers or with the horse owners or the trainers," he said. "The problem arises on an overall crime scale because of the hangers-on around tracks."

"Apparently there is an element there that does follow pari mutuel wagering that many prosecutors and peace officers feel does increase the crime rate in those jurisdictions."

Dowlen said from a purely per-

sonal point of view he has no moral or legal objection for someone going to horse races in New Mexico or Louisiana or any other state.

"In fact, I go myself, which I don't mind saying," he said. "But, I do feel it would increase the problems in Texas if we did have pari mutuel wagering."

Dowlen said many argue that money which might better stay in Texas flows off to New Mexico or other states which allow bet-

ting. (See DOWLEN, page 5)

## Student Election Fracas Falls In Watkins' Lap

A squabble over student elections at West Texas State University wound up on the desk of the university president Tuesday, and after an hour and a half hearing, Dr. Lloyd Watkins decided the students should hold a run-off election today and Friday on campus.

In an almost unprecedented meeting with students over student governmental affairs, Wat-

kins sat Tuesday afternoon with two candidates for president of the student body, student supreme court justices, Dr. T. Paige Carruth, the university legal counsel and others.

The calling of a run-off for the student elections is an unprecedented event on the campus. In the past, student government leaders have been elected by a plurality of the vote.

Candidates for the presidency of the student body Dion Miller and Betty Jo Davidson told Watkins Tuesday afternoon they wanted him to decide whether there should be a run-off.

The Tuesday meeting was the climax to two days of heated oratory between the supporters of Miss Davidson and supporters of Miller.

Miss Davidson was top vote getter last week in the student elections for the presidency. She received just 15 more votes than did Miller.

Vague wording in the student body constitution and other related documents apparently spawned the argument, when Miller asked for a run-off.

Student body attorney general Sharon White filed a writ of mandamus before the student supreme court Monday seeking to have them declare the necessity of a run-off.

After a hearing and 30 minutes of deliberation, the court ruled a run-off should be held today and Friday.

Immediately following the court hearing, the student senate met in a stormy session which saw one senator resign his position.

The senate voted not to reject the court ruling and the chairman of the senate elections committee called the election for today and Friday.

Tuesday morning, Miss Davidson filed an appeal of the court decision to Dr. Carruth, vice president for student affairs.

But, before Carruth could set (See STUDENT, page 5)

## County Approves Fire Cost Study

Randall County commissioners agreed Monday night, although with little enthusiasm, to allow a representative each of Potter and Randall counties and Amarillo to refigure costs for fire calls in rural areas on a new basis.

They did so even though Amarillo City Manager John Stiff warned that under the criteria proposed to figure the costs charged by Potter and Randall Counties would be higher than they currently are.

Potter County Judge Branch Archer presented a proposal for figuring fire call costs charged by Amarillo to the two counties based on the number of man-hours worked on the calls.

Currently, the city charges \$845 per fire call for any kind of alarm answered in rural county

areas. Commissioners from both counties have been critical of the charge.

Archer pleaded Monday night during a joint meeting of the three bodies for "a break" in the charge for Potter County.

Eldon Lewis

A local businessman said this week he will appear before the Canyon School Board Tuesday night to lodge formally his complaint that his bid to take pictures of graduating seniors next spring was not accepted even though the bid is less than half the bid accepted from an Oklahoma firm.

Jim Sands, owner of Britain's Studio in Canyon, charged this

week that his bid of \$2 per sitting for senior pictures would have saved parents of Canyon High School senior students at least \$3 had it been accepted by School Principal John Sommer.

He said his bid, submitted to Sommer earlier in April, was identical to the bid accepted from the Enid, Okla., firm except his bid included more options.

Sands bid \$2 per sitting. With

his bid, he would provide a proof, retouching of one negative, three glossy prints for use by the CHS yearbook, and one composite print and glossy panel print.

Principal Sommer, who said no school funds are involved in the senior picture prices, said he felt the photographic firm should not be charged for next year because the firm has provided good service in the past.

The Oklahoma firm, Marquis, bid a sitting price of \$5 for the senior pictures. Seniors must put up a deposit of \$10 before the pictures are taken. Five dollars of the \$10 goes toward future orders from the firm, Sommer said.

Sommer said he did not advertise for bids for the 1975 graduating class pictures, but allowed Sands to enter a bid for the work after he was contacted by Sands.

Sands said he turned the bid in on time but never heard from Sommer about the outcome of the bidding. Finally, he said, he approached Sommer and he quoted Sommer as telling him "I wasn't too dissatisfied with the pictures from Marquis this year."

Sands said his complaint is not the fact that Marquis Studios is an out-of-state firm, but that he underbid them by more than 50 per cent and still did not get the contract.

"We underbid them and I know our quality is as good as theirs is," he said. "I can't see getting beat when we're 60 per cent under them simply because he wasn't too unhappy last year."

Sands said he felt his bid was placed in good faith "assuming the low bidder would be given the contract."

Sommer said he never told Sands the low bidder would receive the contract.

He said he has been pleased with the service of Marquis. (See CHS, page 5)

## Business School Dean Resigns

West Texas State University President Lloyd I. Watkins has announced the resignation of the School of Business Dean Eldon Lewis effective June 30.

"It is with real regret that I will bring the resignation of Dean Eldon C. Lewis to the Board of Regents. Dean Lewis has served the university with distinction for the past three years, and the School of Business will reflect his work for many years," Watkins said.

"He is an outstanding business educator, which has led to his being offered a position of great importance," the WT president continued. "He and his family will be missed by all of us

in the university community. While we regret his decision to leave, all wish the Lewis family well in their new undertaking."

Lewis, 40, will be assuming the position of national director of training for the Elmer Fox and Company of Denver, a certified public accountant firm with over 1500 personnel. His position will be "to administer the training programs for all employees at all levels," Lewis noted.

"My greatest regret is the loss of the close association with the wonderful faculty members in the School of Business," Lewis noted.

"In my opinion, WTSU, under the leadership of Dr. Watkins,

has a very bright future. I have found Dr. Watkins to be a most understanding person to work with," Lewis continued. "He is vitally concerned about the university, faculty, staff, and administration as individuals, which I feel is our good fortune."

Lewis was named the WTSU Business School dean three years ago, after serving as associate dean of Wichita State University's College of Business Administration for one year.

"I sincerely believe that he has been an outstanding dean," said Vice-President for Academic Affairs Ray Malzahn. "We certainly congratulate him on his new

Jack Hightower is handling Ray Ruffin with kid gloves in the congressional campaign.

He is obviously trying to win the Democratic nomination and still hold the party together. He will need a united party behind him in his tussle with Bob Price in the fall if indeed he wins the nomination.

He could lose his party's nod by his soft approach. Hightower's opponent seems to be able to make almost any kind of assertion with no one willing to refute it.

This could be the Vernon state senator's downfall.

For example an ad running elsewhere in this edition is billed as "significant area polls concerning Democratic primary — 13th congressional district for: U.S. Congress."

The purported poll shows Ray Ruffin well ahead of Jack Hightower in key areas across the district. It shows him leading the senator 54 per cent to 48 per cent in Wichita Falls which you would

expect Hightower to have in his pocket.

Amazing as it might seem, the purported poll shows Ruffin with 48 per cent among people polled at West Texas State University while Dr. Louis Finney is shown to have 30 per cent and Hightower a piddling 12 per cent.

In the Pampa-Borger area the poll has it Ruffin 52 per cent and Hightower 37 per cent with it 37 to 26 Ruffin in Amarillo.

Mrs. Vinola Murray of Amarillo is listed as chairman of "13th Congressional District Democrats to Get Out and Vote Committee." This is pretty vague business. It doesn't tell who actually conducted the polls and doesn't say whether the people were chosen at random or were handpicked.

I did get some indication as to where the poll originated when I called the Ray Ruffin for Congress headquarters in Amarillo and asked for Mrs. Murray. "She is not in this afternoon but she will probably be here tomorrow," a male voice informed me.

Whoever gets the Democratic nomination Saturday has the fight of his life on his hands in November.

I heard Bob Price speak and answer questions a couple of weeks ago. He is a new Bob Price. He has been doing his homework.

He was knowledgeable and fluent on subjects from weaponry and international politics to domestic affairs.

Bob is an entrenched congressman. He undoubtedly has some IOUs scattered over the district. He will probably beat any Democrat put on the ticket in spite of Watergate.

Speaking of Watergate, there is a groundswell of sympathy building for the President again. Maurice Stans and John Mitchell were found not guilty over the week end.

In spite of this there is still an outstanding indictment against the former attorney general. Unless it is dropped as an aftermath of the acquittal, it will be a snafu to smack of persecution.

Congressional attitude seems to be split along party lines on the tape transcript surrender by the President. Can the country stand three more years of child-

ish bickering in Washington?

Is Watergate really any worse than the Bay of Pigs in which a President chickened out on Cuban patriots and consigned them to the firing wall?

Is Watergate really any worse than the Tonkin incident through which a President plunged his country into a bloody, hopeless war in Asia?

Is Watergate really any worse than a man four times named President sitting on early information that the country's Pacific naval base would be attacked by Japan and thereby allowing the destruction of America's Pacific fleet?

I think the big trouble in Washington right now is that a lot of people want to be President now or later.

Somebody has always wanted to replace the man at the top and is willing to make about any sacrifice to do it.

No place in the universe is immune.

Even in Heaven the Arch Angel got a yen to replace God and most of our troubles since have stemmed from that unchecked desire. He sank from the position of God's foreman in Heaven to head man in Hell.

If you don't believe it, just read Milton's "Paradise Lost."

## Palisades Palaver

By MILDRED TURNER  
THE PALISADES CHURCH had a Retreat for the Youth which was at the Baptist Encampment, a lovely setting for the gathering.

SOME FIFTY PEOPLE went, including sponsors. Some of the WT fellows from the BSU helped with the program; not only the speaking, but in the fun recreational area. The ladies cooked up chicken with all the trimmings plus all the food needed Friday and Saturday.

THREE YOUNG PEOPLE dedicated their lives to the Lord. From all reports it was a wonderful time for all and everyone was just bubbling as they told of the retreat. I would like to have gone.

THEN SUNDAY THE Festival of New Life at the Civic Center was well attended and was great. Many churches were represented, although no emphasis was on denominations, but on God; what He has done for the city of Amarillo.

THE SERVICE AS a whole was just beautiful, music by the Amarillo Symphony, the call to worship, the praise and dedication, the scriptures, local choirs, Christian sharing, readings, songs, and messages by young Christian men, Mrs. Jan Ricks interpreted for the deaf.

I WAS SO thrilled with our city officials for setting aside a time such as this. Although this is new in our day, it is Biblical. I hope other cities will hear of this Festival and do the same in their cities.

I THINK TURNING to God for help at this time will be a complete healing and deliverance for America. Isaiah 41:6: "They helped everyone his neighbor; and everyone said to his brother, 'Be of good courage.' Read Psalms 149-150.

TUESDAY WAS A national day of prayer and fasting and many churches were open all day with people coming and going all day long praying for our nation. Isaiah 40:31: "They that wait upon the Lord shall renew their strength; they shall mount up on wings as eagles; they shall run and not be weary; and they shall walk and not faint."

THE BIBLE is full of examples of nations and cities falling when they forgot God and being

## Youth Retreat Funfest Held

blessed when they turned to God and praised Him. I am so thankful for our cities that are blessed with God-praising leaders.

NOW LET'S ALL agree and pray for a good slow, soaking rain and miracle of crops for our Panhandle area.

THE BUSTER CARLILES went to Lubbock April 20 to visit Jerry and Cindy. Jerry is currently taking training in San Antonio (I believe Marcella said this is in the Medic Air Corps, I believe).

KAREN HAS BEEN busy with her 880 dash and the Canyon group has done quite well at Regional and some are going to State.

VISITED WITH FLOYD and Peggy Oliver a little Saturday morning and they are getting the combines ready to roll. I admire the farmers who are often getting their equipment ready while the wheat is just peeking up, and all the way around, there is a lot of faith involved in the harvest business.

OUR FAMILY WENT to see Jerry Don Mullins in "Swanee" over at Palo Duro last Thursday evening. It was good. We go nearly every time.

I HAD CARROTS, beets, radishes, onions up but finished planting my garden Monday. Of course, all summer I am putting a little seed here or there. It's so fascinating, isn't it?

HEARD SOME HAMMERING and sawing going on so went over to Vaughns next door. Pearl and Streak were finishing their bathroom (in the new addition).

WE WERE OVER at the Inman's late Tuesday and met their calf family: Ferdinand, Hilda (likes loving, playing, eats cookies) and Pumpkin (the baby). They cleaned out the remains left from "Country Fair" to help in a church rummage sale (proceeds for Youth Camp) at 4413 Mountain Drive in Amarillo.

"APPLES IN APRIL?" the squirrels seemed to ask. Well, I got the remainder of my experiment "X" out of the well house. The well house was not a consistent temperature so I think that's the reason my apples were kinda wrinkled on the outside but

made good pies (inside!). The little squirrels didn't seem to mind that the peelings were wrinkled, but I'm hoping to fix a cellar which will keep apples fresh the year round.

I DO WELL keeping potatoes until about the first of March, then they get all excited and start

growing. People used to bury cabbage and turnips (I read about this). It is interesting, and may become more so, if prices continue rising.

WELL, I THINK I may be raving so will see ya. Say, I didn't hear from you this week!

James Brockman, a West Texas State University senior from Nazareth, has received the Outstanding Senior Agronomy Student Award from the American Society of Agronomy and the WTSU Plant Science Department.

The plant science major is being recognized for his outstanding academic achievement and his service to the WTSU School of Agriculture and to the plant science department.

The president of WT's Farm and Ranch Club, Brockman

plans to enter WT's graduate school at WT School of Agriculture next fall. He also presently serves as an assistant lab instructor in plant science courses.

The WTSU crops team placed first in the National Collegiate Crops Judging contest in Kansas City, with Brockman being named the high point individual of the competition in which over 15 schools participated. A third place was awarded to the team at the International Collegiate Crop Judging contest in Chicago later that year.

## Future Visioned At Sue Hite Club

"We Vision Our Future" was the theme of a program for the Sue Hite Study Club during April.

Mrs. Betty Stoker, Mrs. Frances Holman and Mrs. Scotty Cain were in charge of the program held in the film room of the Panhandle-Plains Historical Museum.

Standing in front of three colorful murals showing some of the latest social, scientific and technological developments, each tried to clue in on problems and achievements we might expect in the U.S. and the world.

Ideas brought out related to lack of cooperation among the top nations that would keep the world from getting what is needed; boredom resulting in drug usage, crimes, apathy, population explosion and the

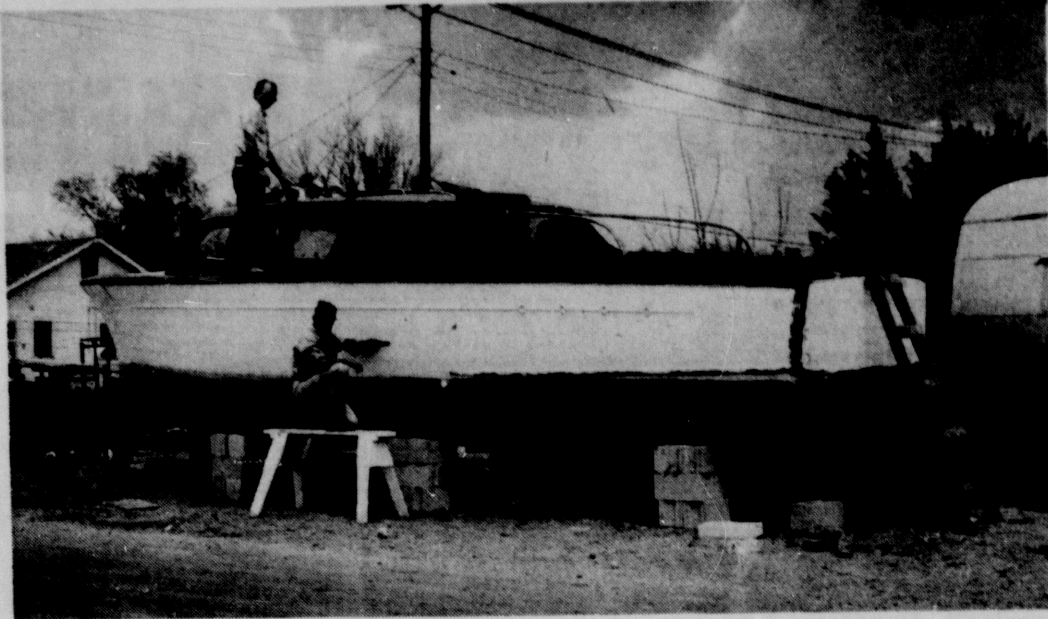

consequent struggle for land and raw materials, critically reading because more and more people are writing to get published without always validating facts and this leads to public confusion.

Mrs. Hazel Walsh opened the meeting with the invocation.

Mrs. Beulah Miller gave the club report she presented at Top of Texas District Federated Club Convention.

President Virginia Allen conducted the business meeting. Punch and cookies were served by the hostesses: Ruth Henson, Virginia Crouse, Della Tolliver, Martha Goodman, Pauline Brown, and Margaret Cole.

Closing out the year's activities, the Huelyn Laycocks will host a picnic supper for members and their husbands on Monday, May 13, 7 p.m.

## Consumer Points At Appliance Event

An Appliance Parade is scheduled for today, Thursday, at the Western Plaza Mall in Amarillo where Becky Hall, Randall County Home Demonstration Agent, will be among those working in information booths.

## Lacewell's Organ Recital Is Friday

Mike Lacewell will be presented in a senior organ recital Friday night, May 3, at 8 p.m. in Polk Street Methodist Church.

The recital was re-scheduled from its original date due to a faulty boiler in the lower basement of the church which caused flooding and damage to the organ transformer earlier, according to Mary Ruth McCulley.

 "While I'd like to see the money stay in Texas, I feel there are some hidden costs that really would mean there wouldn't be the financial bonanza for Texas some people think there'd be," he said. "If the crime rate were to increase because of tracks, we'd need more police officers, more courts and more prosecutors."

The Republican primary ballot contains two other referendum items which have spurred less controversy. One seeks voter opinion on whether the Texas Constitution should include a provision guaranteeing a person's right to hold a job whether or not he chooses to belong or pay money to a labor union.

Another seeks voter opinion on whether the constitution should contain a provision requiring approval by a majority of all voters in a statewide referendum before enactment of any state, personal or corporate income tax.

In his final pass for the student vote in Canyon before the Saturday primary, State Sen. Jack Hightower told students Tuesday he's "not owned by anybody."

Hightower, seeking the Democratic bid on the primary ballot for U.S. congressman, said in response to a student question that he has not amassed any wealth during his decade as a state legislator and his assets have actually diminished.

The student question was apparently a quote from another candidate in the same race.

Hightower concurred with students that running a congressional campaign is an expensive venture.

But, he said, "you have to depend on the integrity of the candidate."

In response to a question concerning how he might vote on impeachment of President Nixon, Hightower said he feels it would be extremely unfair to campaign on such an issue when all the facts have not been gathered or made public.

 lower rates. Both county representatives asked for a set annual fee rather than a per-fire charge.

The meeting almost erupted in a shouting match after Mayor Ray Vahue of Amarillo told the representatives he was tired of hearing Amarillo commissioners treated as the bad guys in the fire charge.

He termed the charge equitable.

City Manager Stiff noted that while Randall County has called for Amarillo to pay its share for services the county provides the city at no charge, there are many other things the county should be participating in financially.

County commissioner Jim Fletcher outlined briefly several services the county now provides the city at no fee.

Vahue said the city desires to pay its fair share, but has never been billed for the charges for such information as the tax roll for automobiles, probate records and other records.

Stiff said the counties could begin paying their fair share for such things as library service and solid waste disposal plants and parks and recreational areas.

Archer presented his proposal as drawn up by Potter County auditor Herb Pestor. The proposal calls for officials from the three entities to perform a cost accounting study on the fire charge system with an eye toward figuring costs based on man-hours worked.

The three representatives are to report back to another joint meeting of the three entities within 30 days.

For Republicans, the primary elections will be held at the same places as for the Democrats. However, the Republicans are combining precincts 1 and 2 with precinct 6, precincts 3 and 4 with precinct 5 and precinct 8 with precinct 21.

While balloting will not take place in the American Party on Saturday, Dr. Donald Todd said petitions will be available at 707 19th St. for those interested in the party to sign to enable the party to get on the ballot in November. The precinct convention will also be held at that address. The address will serve precincts 1-7 and 23.

 up a procedure for determining whether a run-off should be held, other students had asked Watkins to enter the picture.

Carruth had planned to have a panel of five graduate students hear the case and make a decision.

Sitting in a small conference room in the university administration building, Watkins listened to the students involved in the election hassle.

"What do you want me to do?" he asked. "Do you want to leave it up to me or not?"

Almost five minutes of silence followed as Miss Davidson and Miller stared at the table.

Finally, the two candidates left the room to confer in private.

They returned and told Watkins they wanted him to decide whether a run-off should or should not be called.

Citing the lack of clarity in the student constitution, and other factors, Watkins said he believed a run-off should be called.

# Hightower Speaks At WTSU

He said it would be contrary to the basic principles of the Constitution to campaign on such an issue.

Hightower termed both the problem of assuring integrity in public officials and the Watergate business as signs of eroding confidence in state and federal government.

He said the country faces an economic crisis, an energy crisis and a crisis of confidence in elected officials.

Outlining the manifestation of each, Hightower traced the causes to a lack of foresight and leadership on the part of Congress and the nation's leaders.

He said they did not face the issues when the issues needed to be faced and were therefore parties to causing the crises.

He cited Congressional apathy toward the lack of water in the Texas Panhandle as an instance of lack of foresight.

Rather than taking a lead in trying to solve the water problem, he said, Congress has removed the federal government from water plans. And, he stressed, a problem of the magnitude of the water problem must have federal financial assistance.

Hightower faces Ray Ruffin and Dr. Louis A. Finney in Saturday's primary election on the Democratic ticket.

He received his Ph.D. in 1967 from the University of Missouri at Columbia, and is a native of Middletown, Missouri.

His experience outside the education field includes employment with Peat, Marwick, Mitchell and Co. accounting firm in Kansas City, Mo.; and Brelsford, Hardesty and Bats, Topeka, Kan.

Lewis is married and has three children.

"It is a grievous loss," Malzahn concluded. "He has made great strides in relating the university to the business community."

A candlemaking program and discussion was given at a recent

meeting of Alpha Theta Delta chapter of Beta Sigma Phi sorority in the home of Mary Alice Hines.

The meeting was opened with group recitation of the opening rituals and discussion of the plans for Founder's Day. The group announced a Mother's Day Tea to be held May 11 which will honor the members' mothers.

Members voted on the state project for the year and nominated the woman of the year.

The program on modeling art was presented by Cindy Stevenson. She had taken a course in candle making and showed the group the different ways of mak-

ing candles. She discussed three forms including Sand candles, made by pouring melted wax on sand; Water sculpture candles, formed by dropping hot wax into water; and Molded candles, made from various forms and molds.

Following the program refreshments of Devil's food cake and cokes were served.

### Sims Visiting Folks In Texas

Mr. and Mrs. M. B. Sims have returned from a two week visit with folks across southern Texas. The Sims visited in San Antonio with their son, J. W., and his wife, Glenda, and children, Jamie and Chris. The J. W. Sims are former residents of Canyon.

While in San Antonio, the Sims also visited his aunt, Mrs. M. B. Butler, and a cousin, Mr. and Mrs. O. P. Schnabel. The Sims then travelled to Houston to visit with his cousin, Mr. and Mrs. Olin Rawlings, and returned home by way of Fort Worth where they visited in the home of his brother, Herman Sims, and with her sister's family, Mr. and Mrs. J. W. Myatt.

Visiting in Fort Worth with the Myatts for about three weeks prior to the Sims visit, was Mrs. Arah Howard of Canyon. Mrs. Howard is the mother of Mrs. Sims and Mrs. Myatt and makes her home here. She returned to Canyon with the Sims.

### UMBARGER NEWS

By REBA RAEFGREETINGS FROM UMBARGER. We had another busy weekend again in Umbarger.

THE MAJOR DEGREES of initiation were conferred upon 49 Knights of Columbus candidates, Sunday in the Columbus Club Hall. Representing the State Council of the Knights was Joe Ceci, State Warden, from El Paso. Clergy present were our pastor, Magr. M. F. Schafle and Father Malcolm Neyland, associate pastor of St. Lawrence's of Amarillo. Father Neyland was a candidate.

THERE WERE APPROXIMATELY 160 Knights attending the ceremonies. They came from Dumas, Amarillo, Hereford, Borger, Nazareth, Plainview, Dalhart, Spearman, Pampa and Umbarger. Following the initiation, a Dutch lunch was served by the host Council, No. 2808, of Umbarger.

SOME 116 PEOPLE attended the second monthly charity supper served Tuesday evening, April 23, by the Knights of Columbus. The delicious meal was topped off with a choice of either chocolate or white birthday cake, since it was the 35th birthday of our own council no. 2808.

AFTER THE SUPPER, the crowd moved to the Columbus Club Hall, where games of double cup and eighty-eight were enjoyed. Preparing and serving the supper were Ben and Helen Koch, Vincent and Della

Friemel, Joe and Irene Gidden, Clarence Beckman and Wayne Friemel. The birthday cakes were baked and decorated by the ladies on the committee and they did a great job on them, too. The cake was served by Miss Joan Frische. The supper are held on the fourth Tuesday of each month and the proceeds all go to the Catholic Children's Home in Panhandle. The Knights would like to invite the entire community and anyone else who would care to come.

OUR SINCERE SYMPATHY to Mrs. A. R. Friemel, whose brother, Myron Short passed away April 25 in San Antonio. Ernestine left last Saturday for the funeral, which was held last Monday.

THE ANNUAL CARNIVAL, sponsored by the Catholic Youth Organization and held last Sunday was very successful. The first prize on the raffle, an outdoor chair, was won by Steve Friemel; second prize on the raffle, a pair of stuffed animals, went to Valerie Friemel. Bernie Wiek won the first door prize and second door prize went to Richard Friemel. Jackie Skarke won the bean guess.

A NOVELTY BOOTH provided many pretty and useful articles. There were several "fun" booths, a penny pitch, a dart throw, balls in the basket, a colorama, a bean bag toss, sponges in the tub and a lollipop tree. Cokes, punch and popcorn were also sold. The proceeds will go to the Catholic Children's Home, in Panhandle.

MRS. WYNONA REYNOLDS and daughters had as their guests over the weekend, Mr. and Mrs. Chuck Bimler and family, from Alamogordo, N.M. On Sunday, Mrs. Reynolds' uncle and aunt, Mr. and Mrs. Clarence Yarbrough from Amarillo and her parents, Mr. and Mrs. Verdie Yarbrough, from Canyon were dinner guests in the Reynolds home.

WE WOULD LIKE to welcome Mr. and Mrs. Lloyd Sutton, to the Umbarger community. They live on the Meinrad Hollenstein place.

BILL AND LOIS Thompson and children have moved to near Amarillo. They are still in the Canyon school district, but will be closer to Bill's work. We are sorry to lose the Thompsons.

ST. MARY'S ALTAR Society and Christian Mothers will meet on Tuesday evening, May 7. The new officers for the coming year will be installed. All members are urged to attend.

OUR SINCERE SYM-

## Busy Weekend For Knights Of Columbus

PATHY to the Bill Hicks family. Bill's brother, Jesse, passed away last Monday and the funeral was held on Wednesday.

MRS. GEORGE BROCKMAN is a patient in Neblett Memorial Hospital. We hope you will soon be able to return home, Mary.

WE NOW HAVE a new roof on our rent house, thanks to our sons and sons-in-law. Last Saturday, Les and Mary, Mike and Margaret and Don came from Pampa and Bernard and Kevin helped and by 6:00 that evening, they had finished the roof. It looks real nice. It's things like these that make us really appreciate our big family.

SINCE TUESDAY WAS national prayer day, we thought this little prayer very fitting. It was given to me by Mrs. Henry Bracht, and entitled "Prayer for the United States of America." Almighty Father, Lord of the world and Lord of our beloved land, we praise Your majesty and power. We acknowledge You as

absolute Ruler over us. We thank You for Your blessings of peace and abundance. We ask You to pardon us for having forgotten You. Give us wisdom and strength to dispel the evils that surround us. Direct our minds and hearts to justice, love and peace. Grant in Your goodness, O Merciful Father, that all of us may one day come into Your presence. Through Christ Our Lord. Amen.

## If you can't get PIONEER Brand 8311

here are some excellent alternative  
hybrids for High Plains farmers.

Pioneer Brand 8311, the "Golden Bronze Yield Leader," has been our most popular hybrid this year — so popular, in fact, that it may be in short supply in some areas. One reason is that the demand has been so great downstate where 8311's disease tolerance is so important. Fortunately, there are several other Pioneer Brand hybrids that are proven top performers on the High Plains. If you can't get 8311, ask your dealer about these.

### PIONEER Brand 8417

This versatile yellow endosperm sorghum is a champion yielder in the medium-late maturity class, for irrigated or non-irrigated land. It has large open heads, uniform head height, strong stalks for easy threshing, good tolerance to smut and anthracnose.

### PIONEER Brand 820

This top-notch full-season hybrid, is a consistently high yielder. Excellent drought resistance and standability plus good roots and stalks make it a good choice for irrigated or non-irrigated farming on the plains.

### PIONEER Brand 828

One of the highest yielding sorghums you can plant, this full-season hybrid responds well to good management on good land with plenty of water. Plains growers like it because it holds its quality and threshes well even after an early freeze. It produces sturdy stalks with semi-compact heads of dark red grain.

### PIONEER Brand 846

Famous for its versatility and adaptability, this medium maturity hybrid yields along with the full-season varieties. Resistant to smut, rust and MDM, its outstanding hybrid vigor and excellent drought resistance help it turn in consistently high yields even under stress.

## Life At Siesta

# Bingo Fun Planned Again

By EARLINE BENHAM  
THE BINGO GAME held at Siesta went exceptionally well. Over thirty people attended. We played until midnight and gave away nearly all of the prizes. The Women's auxiliary did a marvelous job of collecting prizes. Everything was new and there were so many unusual things. We plan on having Bingo again next month and invite everyone to attend.

THE VOLUNTEER FIRE

Department meeting April 29 offered a wonderful deal for home owners. Tom Hicks, from Panhandle Fire Equipment, has offered a package deal of two fire detectors and two fire extinguishers for \$257.57. The only profit on this deal is \$50 which Panhandle Fire Equipment has generously offered to the Fire Department here at Siesta. It is a proven fact that 86 percent of fire victims die of smoke inhalation. THESE NEW SMOKE detectors can detect smoke before it is

visible to the naked eye. Our fire department is now taking orders for the package deal, which will be financed through S.I.C., BankAmericard, or Master Charge. Panhandle Fire Equipment will handle all paper work.

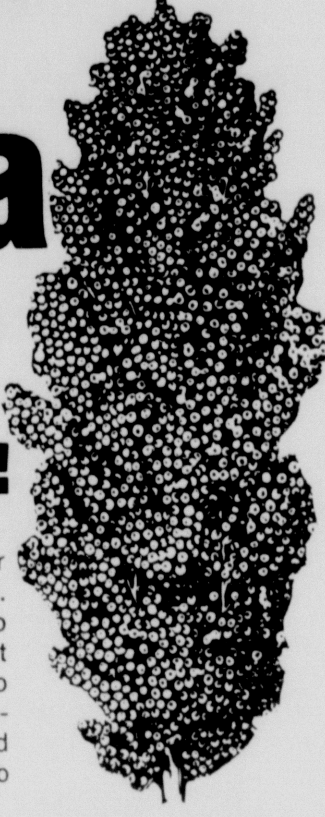

THE FINISH WORK is now being done on our blacktop area. We'll have basketball, tennis, etc. The new ping pong tables are in and will be set up in the rec. hall basement. The new candy machine is in. More vending machines will be ordered.

## BIT Drama Awards Slated Saturday

Drama Awards Night for the School of Fine Arts at West Texas State University will be held Saturday evening at 8 p.m. in the Branding Iron Theatre.

The program is annually sponsored by the university drama club, Buffalo Masquers, which is open to all interested students. Alpha Psi Omega, which draws its membership from outstanding drama students, will co-sponsor the annual program.

Open to the public at no charge, the awards program is a culmination of the year's activities in the speech and drama department, according to Dr. William A. Moore.

Drama students themselves cast votes for those selected to receive the top awards Saturday night.

A spring drama scholarship will not be awarded this year, according to Dr. Moore, who stated that the department and sponsoring drama groups are hoping to present fall scholarships.

"We depend on our Christmas children's theater presentation and coffee proceeds from other plays during the year to accumulate our funding for the scholarships," stated Dr. Moore. "This year, however, our costuming and make-up for theater productions have cost more funds — and we just don't have enough in reserve to offer a scholarship at this time."

Numerous outstanding speech and drama students in area high schools have been invited to join the department for drama studies in the fall and it is hoped that a \$400 scholarship will be available to a student during that semester, stated Dr. Moore.

Outdoor day for all levels of Girl Scouting in Canyon will be involved with working toward the "wide gang badge" in an "Over The Rainbow" themed activity Saturday, May 4, beginning at 10 a.m. at Conner Park in the city.

The outdoor day will conclude about 3 p.m. after a sack lunch. In the event of inclement weather the scouts will meet at the Junior Livestock Building. Among projects for the day will be hiking, tie-dying, tree-branch necklace making, and a first aid instruction session by the senior scouting level.

Instructing the scouts on knot tying will be Shug Bonds and Laurie Walters will entertain between sessions with the pot o' gold. Adult scout leaders participating will include Eleanor Dirks, Lavada Urton, Kathy Haney, Karen Sheffy, Betty Irlbeck and Jearene Cartwright.

## Sissy Speaks Out On the Issues!

### Public School Finance

"That man talks about no new taxes. . . Well, let me tell you where the taxes already are. 44% of the school districts in Texas had to raise their property tax this year. 75% of the remaining districts which did not raise their taxes this year will be forced to raise them next year."

As Governor, Sissy would:

- call a special session of the Legislature to appropriate the excess funds in the state treasury to schools in a fair manner.
- correct the inequities of the property tax.
- employ measures of allocating funds to public schools which will recognize the varied needs and background of the school children in the state.
- raise teacher salaries to a level of comparison with any other state in the country, and assure retired teacher benefits are adequate.

GENE HOWE NEWS

Hope Your Thursday's Are Not "No Good-Horrible--Very Bad Days"

By TROYCE MULHERIN GREETINGS:

SOME IMPORTANT DATES for your calendars: Monday, May 6th. Seven o'clock at Gene Howe School. Last PTA meeting of the year. Our first grade students will be presenting the program. Two plays are scheduled for your enjoyment. "The Gingerbread Man" is one, and "The Three Little Pigs"

is the other. Both will be delightful. Guaranteed! Brand new wrinkle — the youngsters are making their own costumes. Should be interesting. SATURDAY, MAY 4TH, is another date to remember. Go to Gene Howe and vote in the primary! Polls will be open from seven to seven. (Can you believe

seven in the morning?) Yurk. THE LAST DAY of school is May 31st. Wheeeeee(?) AND, GENE HOWE School has the night of Monday, May 27th, reserved for its students at Wonderland Park. More on this later.

SARAH EDWARDS, SANDRA Wait and Jeanette Hale attended the leadership course as incoming officers of Gene Howe PTA. Jackie Mayfield took in the parliamentary course. Both these courses were recently held, being sponsored by the Amarillo Area Council of the PTA. Verrrrrry good training for these verrrrrry involved workers!

SIMPLY CANNOT RESIST sharing the following with you readers. Claude Zevely introduced me to this material at the recent life membership din-

ner at which he spoke. My enjoyment was complete. And, anyone and everyone, whether they have children or not, having at least been a child once upon a time, can easily identify with Alexander.

PUT A SMILE on your face now! Start reading OUTLOUD and with EMOTION: The title is "Alexander and the Terrible, Horrible, No Good, Very Bad Day," and same was written by Judith Viorst:

"I went to sleep with gum in my mouth and now there's gum in my hair and when I got out of bed this morning I tripped on the skateboard and by mistake I dropped my sweater in the sink while the water was running and I could tell it was going to be a terrible, horrible, no good, very bad day.

"At breakfast, Anthony found a Corvette Sting Ray car kit in

his breakfast cereal box and Nick found a Junior Undercover Agent code ring in his breakfast cereal box, but in my breakfast cereal box all I found was breakfast cereal.

"I think I'll move to Australia. "In the car pool Mrs. Gibson let Becky have a seat by the window. Audrey and Elliott got seats by the window too. I said I was being crunched. I said I was being smushed. I said, 'If I don't get a seat by the window I am going to be carsick.' No one even answered.

"I could tell it was going to be a terrible, horrible, no good, very bad day.

"At school Mrs. Dickens liked Paul's picture of the sailboat better than my picture of the invisible castle.

"At singing time she said I sang too loud. At counting time she said I left out sixteen. Who

needs sixteen?

"I could tell it was going to be a terrible, horrible, no good, very bad day.

"I could tell because Paul said I wasn't his best friend anymore. He said that Philip Parker was his best friend and that Albert Mayo was his next best friend and that I was only his third best friend.

"I hope you sit on a tack," I said to Paul. I hope the next time you get a double-decker strawberry ice cream cone the ice cream part falls off the cone part and lands in Australia.

"There were two cupcakes in Philip Parker's lunch bag and Albert got a Hershey bar with almonds and Paul's mother gave him a piece of jelly roll that had little coconut sprinkles on the top. Guess whose mother forgot to put in dessert?

"It was a terrible, horrible, no

good, very bad day.

"That's what it was, because after school my mom took us all to the dentist and Dr. Fields found a cavity just in me. 'Come back next week and I'll fix it,' said Dr. Fields.

"Next week," I said, "I'm going to Australia."

"On the way downstairs the elevator door closed on my foot and while we were waiting for my mom to go get the car Anthony made me fall where it was muddy and then when I started crying because of the mud Nick said I was a crybaby and while I was punching Nick for saying 'crybaby' my mom came back with the car and scolded me for being muddy and fighting.

"I am having a terrible, horrible, no good, very bad day," I told everybody. No one even answered.

"So then we went to the shoe

store to buy some sneakers. Anthony chose white ones with blue stripes. Nick chose red ones with white stripes. I chose blue ones with red stripes, but then the shoe man said, 'We're all sold out.' They made me buy plain old white ones, but they can't make me wear them.

"When we picked up my dad at his office he said I couldn't play with his copying machine, but I forgot. He also said to watch out for the books on his desk, and I was careful as could be except for my elbow. He also said don't fool around with his phone, but I think I called Australia. My dad said please don't pick him up anymore."

"It was a terrible, horrible, no good, very bad day.

"There were lima beans for dinner and I hate lima.

"There was kissing on TV and I hate kissing.

"My bath was too hot, I got soap in my eyes, my marble went down the drain, and I had to wear my railroad-train pajamas. I hate my railroad-train pajamas. "When I went to bed Nick took back the pillow he said I could keep and the Mickey Mouse night light burned out and I bit my tongue.

"The cat wants to sleep with Anthony, not with me.

"It has been a terrible, horrible, no good, very bad day.

"My mom says some days are like that.

"Even in Australia." OH, YES, SOME days are like that, aren't they? Hope your Thursday wasn't a terrible, horrible, no good, very bad day; and, if it was, perhaps the above put a little sunshine in your life.

OR, AT LEAST, a teeny, weeny grin on your face.

THANKS FOR THE use of the hall. Give me a ring-a-ling at 352-6053.
